

We publish the first cards of the **Bibliographical Database of the chess** (in Italian and English), in the hope that our study is pleasant to all the impassioned of history of the chess.

The whole job (a lot of cards in continuous increase) it is realized with an elaborate database on CD. The cards that we publish on the site CCI-Italia are readapted, necessarily, in HTML.

Of every book and magazine, (besides the normal ones notes on the year of press, place of press, pages, reprints, etc.) they also come suitable:

- 1) the Italian libraries that preserve the book or the magazine.
- 2) the whole chess quotation, in original language.
- 3) the translation in English of the chess quotation of the books in Italian / French/German/Spanish. The translation in Italian of the chess quotation of the books in English/French/German/Spanish.
- 4) for the books in Italian it is suitable also the first translation of the book in version English and some recommended editions.
- 5) for the books in English/French/German/Spanish the first translation is suitable in Italian of the work (and the versions recommended by the author of the database).
- 6) for all the books the articles are brought (and the books) correlated to the work, limitedly to those published on the site **CCI-Italia**.
- 7) The photos of the cover are inserted, of the frontispiece and of the page with the chess quotation: books in original language and, where, possible, first editions.

The cards will be published one few at a time in relationship to the articles and to the books published on the site **CCI-Italia**.

The **Bibliographical Database of the Chess** it is a project on purpose studied for **Internet** . .
